Killed His Brother.

Marion Tudor, a farmer residing near Silver Creek, in Madison county, was shot and instantly killed Friday night by his brother, Nathan, also a well-known farmer of the same place. The killing was said to have been the result of an insult to Mrs. Nathan Tudor by Marion Tudor. Nathan Tudor was arrested immediately after the killing and placed under guard.

To Sheriff P. B. Broadbush, who arrested him, Tudor made the following statement: "My brother, who had been to Richmond attending Sparks Brothers' circus, returned to my house, where he made his home, greatly under the influence of liquor. He no sooner entered the house than he insulted my wife. On being told of these insults to her, I procured my gun and going into the room where he was, shot him."

Will Be Great Improvement.

There was an ordinance passed at the last meeting of the City Council ordering concrete pavements laid in front of certain property in the city within ninety days. At the expiration of the given time if the owners of the said property have not complied with the ordinance the city will proceed to build the pavements and take a lien on the property. When all of the pavements mentioned in the ordinance are finished, Paris will be one of the best paved cities in Kentucky. This is one of the greatest improvements that could have been ordered by our city fathers.
